#### **Tell me more:**

During conferences your student will be sharing with you their progress and their work. It's their very first middle school student-led conference. Make it extra special by sharing in this sixth-grade-only event.

It's a great opportunity to get involved, to celebrate your student's achievements, and to mix with other sixth grade families.

#### **What do I need to do?**

This is a BIG event, for over 400 families. Providing the food and drink is a **community effort**. Coffee is provided by the PTSA. Everything else is **100% dependent on your generous contributions**. Please help!
