

Dear Lincoln Community:

We are dealing with a situation that brings more pain with each new revelation.

This afternoon, Francis Costanzo and I met with the superintendent. Press inquiries had been made to the district regarding a 2006 complaint about Mr. Beltran. For the first time, Francis and I saw a document that was written by then principal Kathy Scott to Detective Gladden of SMPD, which references this 2006 complaint. The memo indicates that Mr. Costanzo brought the complaint to then principal Kathy Scott. The memo goes on to describe the actions taken as a result of the complaint.

The District press release and text of the memo are attached as a pdf. Please know that we will continue to share nonconfidential information with our community as it becomes available.

Tristan Komlos
Principal
Lincoln Middle School
